## EVALUATION OF ELEMENTARY SCHOOLS

1955-56

School Districts	Superior	Standard	Accredited	Advised	Warned	Total No. Reporting
1st Class	3		88			91
2nd Class	5		129			134
3rd Class	16		90		1	107
Rural	648	112	9	27	160	956
Private	3	1	21		1	26

Minimum standard requirements were increased for 1955-56, the final year of the initial period of the self-evaluation program. As a result of this action, many schools made needed improvements to meet the increased requirement and some received sub-standard rating, as revealed by the above evaluation summary.

The designated "Superior" or "Standard" ratings which have previously been used for all elementary schools have been changed for the rating of schools with four or more teachers to "Accredited" or "non-Accredited". The rating change was initiated with the use of the revised evaluation booklet in September, 1955. It is hoped that quality of services provided by the school will be stressed rather than a superficial symbol of rating.

The second period of the self-evaluation program for elementary schools will begin with the 1956-57 school year.
